- B. Extreme personalism
- C. "Kanya-kanya" syndrome
- D. Extreme family-centeredness

13. What is the process by which information is obtained relative to some known objective or goal?

- A. Evaluation
- B. Assessment
- C. Rubrics
- D. Feedback

14. According to Robert Gagne's sequencing, which should be the first step in planning instruction?

- A. Identify learning outcomes
- B. Specify context

C. Plan to motivate

D. Test instruction

15. Which of the following shows a total physical environment that supports learning?

A. Tall storied-building

B. Bulletin boards in every building

C. Safe and secure building structured

D. Classroom furniture

16. What kind of presence is engaged in through the community inquiry model?

A. Individual presence

B. Psycho-motor presence

C. Teaching presence

D. Psychosocial presence

17. Ms. Sanchez believes that her pupils need direct sensory contact and physical manipulation in the classroom so that they learn easily and recall input effortlessly. What is the grade level of Ms. Sanchez' class?

A. High School

B. Intermediate

C. Primary

D. Pre-school

18. What is the focus of teacher Remy who checked assigned essays of her students for their spelling, grammar, right citation on pictures and labelling of diagram?

A. Propriety

B. Accuracy

C. Organization

D. Relevance

19. Among the risks in the use of ICT and e-Networking, which concerns children particularly at an early age?

A. Prolonged exposure to on-line technologies

B. Health and well-being

C. Theft and fraud from activities such as phishing

D. Privacy issues including disclosure of personal information

20. By and large educational authorities agree that character is "caught" and not

"taught". What is the rationale for this?

- A. Character is developed through the process of trial and error.
- B. Character is generally dependent on reasoning and intelligent thinking.
- C. Character is inborn and therefore it resists changes.
- D. Character is generally dependent on what are seen and experienced.

21. The assessment that leads students to become self-directed and independent learners is ____.

- A. Assessment OF learning
- B. Assessment AS learning
- C. Assessment FOR learning
- D. Formative assessment

22. Who are the faculty members assigned by the teacher education institutions to monitor, supervise and evaluate the field study students and practice teachers in their experiential learning courses?

- A. College Supervisors
- B. Cooperating Teachers
- C. Master Teachers
- D. Practicum Teachers

23. The characteristics of "a growth mindset" among students include:

- I. persist through obstacles
- II. learn from mistakes
- III. embrace challenges
- IV. believe in lifelong learning

- A. II and IV
- B. I and II
- C. I, II, III and IV
- D. I, III and IV

24. Which program is intended at eradicating illiteracy among out-of-school youths and adults (in extreme situations, school-aged children) by improving basic literacy skills of reading, writing, and arithmetic?

- A. Basic Literacy Program
- B. Madrasah Education Program
- C. Special Education Program

D. K to 12 Basic Education Program

25. Which designed to assist the teacher in behavior management and ensure there is a positive environment for learning where all students feel comfortable and safe?

- A. Classroom beautification
- B. Classroom routines
- C. Classroom assessment
- D. Classroom rules

26. By using averaging method of computing the final grade for the four quarters in a school year, what is Cielo's final rating if the following are his obtained grades?

Subject - Filipino

First Quarter - 93

Second Quarter - 91

Third Quarter - 94

Fourth Quarter - 89

Final Grade -

- A. 91.75
- B. 91.57
- C. 92.75
- D. 92.57

27. The following are contexts and perspectives of 21st century education as a paradigm shift from that of the 20th century EXCEPT ____.

- A. Active learning
- B. Research-based
- C. Time-based
- D. Outcomes-based

28. What criterion is teacher Carlo focusing on when he evaluated Science essay outputs of his students for unity, sequencing and coherence?

- A. Relevance
- B. Organization
- C. Accuracy
- D. Appropriateness

29. Thesis is a requirement in school that usually culminates with oral panel defense. How can this be done in time of pandemic that would sustain quality while ensuring safety?

- A. Do it physically and follow health protocols.
- B. Do it online, with papers circulated through emails and oral presentations can be done through zoom teleconferencing.
- C. Ask parents to bring papers to the members of the panel in order to passed.
- D. Skip the oral defense since it is difficult to execute it online, just submit completed papers

30. On the 21st century life skills, what is the expression of someone's ability to adapt to changing circumstances?

- A. Productivity
- B. Flexibility
- C. Leadership
- D. Initiated

31. Researchers on the brain tell that brain is more "plastic" in younger children and potentially more malleable for re-routing neural circuits. What is an implication on reading disabilities?

- I. Early identification of reading disabilities is very important.
 - II. Remediation for reading disabilities must be given as early as possible.
 - III. Reading disabilities in late childhood are beyond remediation.
- A. I and II
 - B. III only
 - C. I only
 - D. II only

32. You are teaching a Science class, which one is not appealing to naturalist learners?

- A. Visiting an orchidarium
- B. Going to the zoo
- C. Exploring an aviary
- D. Writing poems

33. Which refers to the teacher who is assigned to guide the student teacher in the development of professional competencies, attitudes and behaviors?

Republic of the Philippines
PROFESSIONAL REGULATION COMMISSION
MANILA

Seat No: _____

A. College Supervisor

B. Master Teacher

C. Guidance Counselor

D. Cooperating Teacher

34. What is the measure of the spread of test scores?

A. Standard deviation

B. Coefficient of variation

C. Mode

D. Median

35. Should students be allowed to participate in establishing classroom rules?

A. Yes, only if they are few, but no when are too many.

B. No, with all her years of teaching experience the teacher knows the best.

C. Yes, sharing responsibility with students for making classroom decisions increases the students' commitment to the decisions.

D. No, students to bend the rules to suit their desires.

36. Assessment should be on real-world application and not on out-of-context drills.

To apply this principle, what should Teacher Nancy do?

A. Gives a 10-item quiz on adding dissimilar fractions which is the weakness of the students.

B. Give a 20-point quiz asking students to determine whether or not the sound of "a" is long or short.

C. Assesses students' English oral communication skills in a graduation program simulation where each student has a speaking assignment.

D. Gives students matching type of test on vocabulary.

37. Who oversees the effective implementation of the internship program in the cooperating school?

A. Practicum Mentor

B. Practicum Supervisor

C. Cooperating Teacher

D. Cooperating Principal

38. Under the Philippine Professional Standards for Teachers, teachers who have gained the qualifications recognized for entry into the teaching profession are commonly known ____.

- A. as novices
 - B. as highly proficient
 - C. as distinguished
 - D. as proficient
39. Which refers to a planned, thoughtful and deliberate course of actions that ultimately enhance the quality and impact of the learning experience for students?
- A. Outcomes-based Assessment
 - B. Outcome-based Education
 - C. Teaching by Objectives
 - D. Curriculum Development
40. The following are types of objective test EXCEPT ____.
- A. True - false
 - B. Essay
 - C. Matching type
 - D. Multiple choice
41. Study shows that this is not among the appropriate practices of cognitive development among preschoolers?
- A. Four year old say nursery rhymes
 - B. One year old develop creative interest
 - C. Three year old speak as often as possible
 - D. Five year old add drama to reading situations
42. Which of the following is known as the bottom-up strategy in making generalizations?
- A. Inductive reasoning
 - B. Deductive reasoning
 - C. Positivistic reasoning
 - D. Romantic reasoning
43. In which stage of learning a learner acquires new skills or knowledge?
- A. Generalization
 - B. Proficiency
 - C. Acquisition
 - D. Maintenance
44. On periods of development, which pivotal period of child development that begins

prepare students for a rapidly changing world. These skills include:

- I. Collaboration
- II. Critical Thinking
- III. Communication
- IV. Creativity

- A. I, II, III and IV
- B. I and II
- C. II and IV
- D. I, II and III

56. Which refers to a child's experiences in reading and writing which begins at birth even before he is able to read and write?

- A. Traditional Literacy
- B. Emergent Literacy
- C. Information Literacy
- D. Functional Literacy

57. Which domain focuses on the ability to manage oneself, express and understand emotions, and interact with others?

- A. Cognitive
- B. Communication
- C. Motor
- D. Socio-Emotional

58. Which refers to status, respect and recognition?

- A. Physiological needs
- B. Love and belongingness needs
- C. Esteem needs
- D. Safety needs

59. For effective teaching and learning, there is no such thing as "one-size-fits-all". What does this imply?

- A. Always end up with a lesson summary
- B. Allow students to use their mobile phones in class
- C. Consider multiple intelligences in teaching
- D. Use performance tests since they are more reliable

60. Which of the following is a routine procedure in classroom management?

- A. Roll-call
- B. Experiment
- C. Research
- D. Role-play

61. The following are 21st-century learning skills EXCEPT ____.

- A. collaboration
- B. creativity
- C. social skills
- D. critical thinking

62. Arrange chronologically the following events of instruction that was developed by Robert Gagne:

- I. Elicit performance
- II. Provide feedback
- III. Gain attention
- IV. Inform learners of objectives
- V. Stimulate recall of prior learning

- A. III-IV-V-I-II
- B. I-III-II-V-IV
- C. II-IV-III-I-V
- D. II-V-III-IV-I

63. In a 21st-century classroom, the teacher integrates various technological tools to enhance literacy skills. Which of the following activities aligns best with the concept of "new literacies"?

- A. Assigning students to write essays with pen and paper.
- B. Encouraging students to create digital stories using multimedia tools.
- C. Dictating passages from textbooks for students to copy.
- D. Conducting handwriting practice sessions using traditional methods.

64. The following are common examples of informal assessment EXCEPT ____.

- A. oral presentation
- B. exit ticket
- C. observation
- D. test

65. Which of the following is the correct order of psychosexual stages proposed by

Sigmund Freud?

- I. Phallic stage
- II. Oral stage
- III. Latency stage
- IV. Genital stage
- V. Anal stage

- A. II-V-I-III-IV
- B. II-III-I-V-IV
- C. II-IV-III-II-I
- D. I-II-III-IV-V

66. To cater to the bodily-kinesthetic competence of students, which of these activities must be utilized?

- A. Doing calisthenics
- B. Visiting an orchidarium
- C. Writing stories
- D. Preparing graphs

67. Setting of learning objectives adopts certain characteristics under the acronym of SMART. Identify the kind of objectives set by SMART teachers. The M in SMART is ____.

- A. Mentorship
- B. Measurable
- C. Memorization
- D. Memorable

68. The K to 12 curriculum in the Philippines is governed by the Republic Act No. 10533, also known as the ____.

- A. Philippine Teachers Professionalization Act of 1994
- B. Anti-Enforced or Involuntary Disappearance Act of 2012
- C. Enhanced Basic Education Act of 2013
- D. Higher Education Act of 1994
